SUMMARY

Dedicated **Full-stack developer** with over two years of experience in front-end development and an additional year focused on backend functionality. Proficient in **HTML, CSS, JavaScript, Python, Node.js, React and SQL**. Enthusiastic about building user-friendly applications that balance aesthetic appeal with functional depth.

EDUCATION

Priyadharshini Engineering College	Presuming
Bachelor of Technology (CSE)	75.3 CGPA
Narayana Junior College	May 2021
Intermediate (MPC)	785 Marks
Ratnam High School	May 2019
Secondary School Certificate (SSC)	8.3 CGPA

PROJECTS

Portfolio (link: <https://portfolio.sanjeevantech.com/>) **Aug 2024 – Sep 2024**

Personal

- Designed and developed a Portfolio website using **HTML, CSS, Bootstrap, and JavaScript**.
- Implemented responsive design principles to ensure compatibility across devices.
- Enhanced user experience by using the **Flexbox** technology. And **responsive development**.

Clone Webpage (link: <https://clonewebpage.ccbp.tech/>) **Oct 2024 – Nov 2024**

NXTWAVE (Web clone internship)

- Designed and developed a Clone Web Page using **HTML, CSS, Bootstrap, and JavaScript**.
- Implemented responsive design principles to ensure compatibility across devices.
- Enhanced user experience by using the **Flexbox technology**.

Resume Maker Website (link: <https://resumemaker.sanjeevantech.com/>) **Feb 2025 - Present**

Personal

- Designed and developed a resume maker website using **HTML, CSS, Bootstrap, JavaScript, Node.js, and Express.js**
- Implemented **responsive design** principles to ensure compatibility across devices.
- Enhanced user experience by integrating interactive **features and dynamic form generation**.
- Managed user credentials and ensured secure **data handling using SQL**.

EXPERIENCE

I'm a full-stack web developer with hands-on experience building responsive and dynamic web applications, including a **portfolio site, resume maker** and various web clones. I use **React.js for front-end development** and **Node.js with Express for the backend**, along with PostgreSQL for structured data management. I've deployed applications with **custom domain** configurations through **GoDaddy** and platforms like Netlify and Render. Throughout my projects, I've resolved issues related to async timing, DOM structure, accessibility, and React testing errors using debugging tools and semantic HTML improvements. My work is available on **GitHub**: <https://github.com/sanjeevan1122003>.

CERTIFICATIONS

AWS workshop Certification, Data analytics Certification, Ethical Hacking Certification

SKILLS

Programming Skills: HTML, CSS, JavaScript, Python, SQL, Node.js, Express.js, React.js

Frontend Frameworks: Bootstrap, Font-awesome, Flexbox

Backend Development: Python (Flask), Node.js (Express.js), API development

Soft Skills: Adaptability, Teamwork, Creative Thinking, Good Communication, Time Management
